School closes for Summer

19th July 1:15

School Summary

It has been a fabulous week of celebrations, with our Year 4s achieving excellent results in the National Multiplication Tables Check and our pupils showing off their knowledge and skills in assessment week. Staff have been working hard preparing reports to share their progress with you in a few weeks' time.

We have announced our new class structures for next year and although we will be sad to see some staff leave soon, we also look forward to welcoming new members to our team, and to the exciting times ahead.

Class 1 have had a great time exploring all things 'dinosaurs' and Class 2 had their first taste of forest school with the West Cumbria Rivers Trust. Class 3 have enjoyed lessons with the Whitehaven Cricket coaches and Class 4 have been busy rehearsing their end of term play as well as making quiz questions for the final fundraiser of the year!

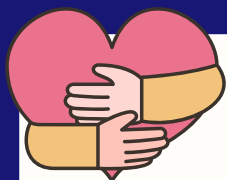

It has also been a week of performing as we finally got to film our 'School Song' on Tuesday, with thanks to the pupils from Whitehaven Academy, and we had a whole day of Razzamatraz Theatre School where pupils got to show off their new skills in front of parents.

Clubs

We have changed our Activities for the second half of the Summer Term ... including ALL STARS CRICKET on Wednesdays delivered by Whitehaven Coaches! Please see the Teacher2Parent app for the link to weekly booking forms.

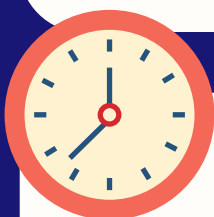

Summer Term 2 Clubs

Safeguarding Update

Due to a small number of families taking holidays in term time, our attendance this fortnight has dropped to 87% which is well below the National target of 97%. We continue to do lots of important curriculum activities in the final few weeks of the term, including end of year progress assessments and ensuring pupils have the knowledge needed to successfully transition into their new year groups.

Lots of children have been talking about the use of Artificial Intelligence (AI) recently, so we thought this Parent Guide might be useful to support any conversations at home.

Parent Update

The government have requested that all schools open for 32.5 hours per week. In order to comply with this, we will need to open for an additional 5 minutes every day. Please vote below to let us know whether you think the school day should be extended at the beginning or the end of the day.

<https://forms.office.com/e/il2fgrrt9u>

Our annual data collection and permission forms are coming home next week. It is really important that parents complete these and return them to school before the deadline so we can make sure our systems are accurate and up-to-date. It is vital that we have two emergency contact numbers for each child and written permission to administer pain relief in an emergency.

Community News

If you know of any events in our community or an activity that our families may be interested in please get in touch with the office and let us know.
