

3-year period covered by the plan: 2020-2023

The SEND and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Governing Body has had three key duties towards disabled pupils, under Part 4 of the DDA:

1. Not to treat disabled pupils less favourably for a reason related to their disability;
2. To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
3. To plan to increase access to education for disabled pupils.

This plan sets out the proposals of the Proprietor/Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

1. Increasing the extent to which disabled pupils can participate in the school curriculum;
2. Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
3. Improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled.

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

The School's Context

Lowca Community School is a mainstream school for boys and girls age range 4 years to 11 years old. The school comprises of one school building, which has recently been extended. There is wheelchair disability access for all classrooms and main areas of the school. We have a child and also an adult disabled toilet and the garden and playgrounds have ramps and tarmac paths.

The School's Aims

- To be a happy learning community which fosters creativity, independence and a passion for learning.
- To enable our children to develop the essential skills for a happy and fulfilled life.
- To deliver first quality teaching, with high expectations for all, that enables children to succeed and achieve their potential.
- To provide a nurturing and stimulating environment that supports and celebrates learning
- For all members of the school community to model positive, respectful relationships.

We are working within a national framework for educational inclusion provided by:

- Inclusive School (DfES 0774/2001)
- SEND & Disability Act 2001
- The SEND Revised Code of Practice 2014
- The Disability Discrimination Act (amended for school 2001)
- Code of Practice for Schools (Disability Rights Commission)
- OFSTED

Our Aims are to provide:

1. Full access to the curriculum.
2. Full access to the physical environment.
3. Full access to information.

Current good practice:

We aim to ask about any disability or health condition in early communications with new parents and carers as part of our school admission procedure.

The school has 3 flat or ramped entrances and has wide doors. Every classroom and the hall is accessible for wheelchair users. There are disabled toilet facilities available fitted with a handrail and a pull emergency cord. The school has internal emergency signage and escape routes are clearly marked.

We support pupils with both physical disabilities and learning needs to access areas of the curriculum they find difficult. Where PE is a challenge for physically impaired pupils we seek expert advice for identified individual needs.

We consult with experts when new situations regarding pupils with disabilities are experienced.
