WINNERS THIS WEEK

Infants: Ava for her super listening skills

Upper Junior: Daniel Smye for his increased focus and concentration in class

Lower Junior: Sonny for his improved reading skills

Class 1 This week we have been busy learning lots of different facts from around the world. Reception children have been finding out about pattern following colour, shape, size, and position-early algebra!! See if you can set up a pattern for them using your 'coin jar'. Years 1 and 2 have been concentrating on fractions- $\frac{1}{2}$ and $\frac{1}{4}$. We have also been halving and quartering numbers, too-a little tricky, but the children are enjoying the challenge!

Class 2 We have been thinking about how Victorian inventions changed the world. We have also been copying E. Nesbit's techniques from his novel "The railway children" and writing our own versions. In reading comprehension we have been answering questions about Mary Seacole and in maths....measuring the perimeter of triangles.

Class 3 "This week we were designing 'steam punk' hats, we started making them and we had to do it all on our own. It was great fun! In maths we are doing about angles (we aren't too fond of them) and triangles. We have also been going on Sumdog which you might already know about because of your child. We have also had a new maths corner installed where we can do working out and different maths games. The year 3's and 4's are really enjoying their Judo lessons and we are all enjoying our swimming lessons. Ok that's all, bye!"
