WINNERS THIS WEEK

**Infants:** Roxy for being fabulous with peer-to-peer learning

**Upper Junior:** Harvey for such a positive attitude to learning and his hard work

**Lower Junior:** Courtney for having such enthusiasm for learning

It's unbelievable that we have had our first half term in already. Well done to our reception class who have settled in so well and to each and every pupil for working so hard. We hope everyone has a fabulous week's holiday and really enjoy themselves!

**Infants** Reception have been brilliant with their learning this week, working with numbers and how to write them and matching their counting to objects. Year 1 and 2 have begun to extend their English using spelling, punctuation and grammar. Year 2 have really got to grips with plurals and 's', 'es' suffixes.

**Juniors** The Juniors had a really interesting visit or this week, Mr. Alan Coyles, who had loads of really interesting WW1 stuff to do with his links with the village and his family and their histories. The children were able to handle all the artefacts that Mr. Coyles brought with him and they thoroughly enjoyed themselves. They found it amazing and fascinating.

On Wednesday years 5 and 6 had a visit to the Daniel Hay library to meet the famous author Daniel Blythe. He talked to us all about his job and we found out that of the books he has written, some of them were Doctor Who stories! The pupils really enjoyed this visit.

**SCHOOL DINNER MENU- Please remember to check your child's/children's order on the Lunchshop website regularly.**
