

Friday 26th April 2019
WINNERS THIS WEEK

Infants: Layla for her great attitude and maths skills

Lower Junior: Daniel Moore for his fab work and playscript

Upper Junior: Harvey for his good concentration and improved work

Class 1 This week the infants have been studying dinosaur poo -Don't worry it was only made with flour and compost. Ms. Willman and the children looked at 3 different types. One had just leaves, one had bones and feathers and one had both. Using their observation skills they were able to hypothesize, whether the beast that pooped.... was a herbivore, a carnivore or an omnivore.

Class 2 Class 2 have been learning about rainbows and how they are formed. We have also written some very emotional colour poems. In maths we are continuing to investigate links for how a calculation such as $3 \times 6 = 18$, can help us work out how many 60's there are in 180. We are also revisiting telling the time and Roman numerals as well as the 24 hour clock.

Class 3 The year sixes have been working really hard and are looking forward to taking part in the rugby tournament next Thursday! Years 5, 4, and 3 have been involved in work looking at light and colour. Please can everyone make sure that they have both indoor and outdoor P.E. kit in school every day. Thank you.

Rugby The team will be going to the Rugby event at St. Bees School on Thursday 2nd May. Please could they bring their school P.E. kit, dark tracksuit bottoms, waterproof jacket, a sun hat, be wearing sun cream and bring a **packed lunch**. We will be leaving for the tournament at 11.50am and will return in time for normal finishing time.

Year 6 SATs There will be a 'breakfast club' for **year 6 ONLY** to get them in the right frame of mind for their SATs exams Monday through to Thursday. Please arrive at 8.15am for cereal, toast, bacon butties etc.

Transition dates We have received some transition dates:
Whitehaven academy: Wednesday 3rd and Thursday 4th July.

Cockermouth School: T.B.C.

St. Joseph's: Thursday 20th June.

Correspondance and details about your child's secondary school will be delivered directly to you home, not to Lowca School.

Year 6 Newcastle trip We are excited about our Year 6 Newcastle trip. This includes museum visits, underground tours, evening meal, breakfast /lunch day 2 and art gallery workshop. Please could year 6 parents respond to today's text to express interest, so we can book tickets? We would also like to invite the year 5 girls to come along to keep Lucy company as she is our only year 6 girl and might be lonely in a room on her own. We would be going on 27th June and staying overnight to see the Theatre production of " Tom Gates- the stage show ", which I know the children will love. We would be returning on Friday 28th June for approximately 6pm. The cost will be the same as last year- £78.00.

New Governor We still have a vacancy for a school governor and would really appreciate it if any parent would like to help the school in this important position. If you would like to know more please ask one of our existing governors about the role, or Mrs. Crawford.
