

Friday 4th May 2018

WINNERS THIS WEEK

Class1: Kieran for his confidence with his writing.

Class2: Kacie for her fantastic reading comprehension, getting all her spelling correct and mastering addition with tens and units.

Class 3: Upper Junior: Lewis for his attitude towards learning

Lower Junior: Daniel Smye for his improving maths skills

Class 1 We are very excited in the infants this week - our caterpillars have grown loads really quickly, and have all been given a name and a child to act as it's carer! Reception children have been busy in the farm shop and building 'farms' outside. In maths they have doubled the spots on their ladybirds. Year 1 children have been busy in English extending their animal sentences whilst describing animals. In maths we have just moved on to money. If you have a jar with some coins in, let them count the coins with you. Thank you for returning your permission slips for the trip Reception, year 1 and year 2 are going on to Bankmill Nursery at Mawbray on Tuesday the 8th May (The trip will be within the confines of the school day as regards to timings i.e. leave here 9.15am, back to school 2.30pm). **Children will need a packed lunch- PACKED LUNCHES SHOULD NOT CONTAIN CHOCOLATE (BECAUSE IT MELTS EVERYWHERE) OR FIZZY DRINKS (AS THEY EXPLODE OVER EVERYONE AND EVERYTHING WHEN THEY ARE OPENED!)** Non- fizzy drinks with a screw cap are the best option. Please ensure suitable footwear and appropriate outerwear for your child is provided so that they are protected from the elements, whether sun hat and sunscreen or head to toe waterproofs! No shorts please, even if warm weather is forecast, as long trousers will help to protect their legs whilst out and about. If your child suffers from travel sickness and needs medication, please give them a dose in the morning before coming to school, and if they will need another dose before setting off back to school, please give the teacher an envelope containing the medication in it's packaging with the name of your child and the dose instructions written on the front of it.

Class 2 We have been writing animal stories in the style of the three Billy goats gruff this week and sequencing story events. In maths we have been revisiting column addition

(where a new ten is born) and column subtraction (where a ten comes into the unit's house).

CLASS 3

The juniors have been learning all about coordinating and subordinating and correlative conjunctions and when to use them in our writing. This week in maths, Y5 have been busy mastering long multiplication, Y4 have been working on area, Y3 have been working on perimeter and Y6 have carried on revising everything in preparation for SATs! The Tag Rugby team played very well when they went to the tournament at St. Bees yesterday- well done to all those that took part.

General Reminders

Eco house work and barbecue We have had a change of plan in regards to the donated concrete delivery. The 'event' will have to happen on a Saturday morning as we have had only one parent who has offered their help at that time - hopefully we will have more offers of help on this day. We will keep you posted with the details, but there will still be food and drinks on the agenda!! If you are able to help either with the wheel barrowing or with refreshments,

please could you have a word with Mrs. Crawford or Mr. Smye. It would be great to get this project completed so the children could use this as a construction and reading room during their playtimes. It will also be a science hub for their It science lessons. Thank you so much in advance- we wouldn't be able achieve many of our projects if it wasn't for the kind generosity of our volunteers giving up their time to help us.

SCHOOL DINNER MENU- W/B 7th May 2018- Week 1. Please remember to check your child's/children's order on Lunchshop.

DIARY DATES 2018

- Monday 7th May BANK HOLIDAY - School closed.
