

Friday 5th October 2018

WINNERS THIS WEEK

Infants: Jack Cross for improved concentration

Upper Junior: Daniel Smye for his hard work and settled attitude in class

Lower Junior: Theo for graduating from the handwriting dungeon to be a 'Knight of Neatness'

Class 1 This week in the infants we have been busy with writing about people who help us in the community. Two ladies from Barnardos visited the school and informed the infants about stranger danger and other topics. The children had lots of questions for the ladies, but also offered solutions to their questions. In maths we have been investigating 2D and 3D and knowing the difference by using their properties. Our outdoor science saw the children making little plant hotels for bugs to use over the Autumn and Winter months for shelter. Can we please ask that children have a warm coat with them on the Thursdays. They are out in the gardens as it can be very breezy and chilly and we don't want them getting cold? Thank you.

Class 2 Our fun journey back in time to the Beacon inspired some lovely non-fiction writing. In maths the children have been listening to the time rap and played a corners game to help them remember the numbers of the days in each month. They also had the challenge of using dots to make a series of shapes (increasing in number of sides) and each shape had to contain at least one right angle. Please ask them all about it.

Class 3 We had a lovely visit from Mrs Wildgoose who came to talk to the junior's about her memories of being evacuated during World War 11. The juniors were fascinated and totally absorbed in all the interesting things that Mrs Wildgoose told them. Thank you so much for coming up to school Mrs. Wildgoose, we really appreciate it very much. We have had an amazing week

trying all kinds of stuff centered around WW2, we have tried some recipes from the era and tried homemade jam and butter, too!

'This week we went to the Beacon Museum, where we got to dress up like evacuees and go on a train, however the train was bombed so we had to get a coach. When we got to the museum found out that there were a lot of different types of gas masks, like a Mickey Mouse one (they were very freaky!) We also got to go inside an Anderson Shelter to see what it would have been like if you had to go in it late at night in World War 11.' Written by Florence, 1938. (a.k.a Melodi)

SCHOOL DINNER MENU- W/B MON 8th October 2018- Week. Please remember to check your child's/children's order on the Lunchshop website.

Please can we have any outstanding flu immunisation consent forms as soon as we can? Thank you.

DIARY DATES 2018

- | | |
