29.9.17

Prize winners this week were... Hannah for confidence and maturity, Frankie for maths progress, Niamh for writing independence, Daniel McGuirk for maths and Daniel Johnston for mature attitude and enthusiasm.

Science

Key st.2 visited the React Foundation science show on 26th September. On Thursday they also had a great geography science trip on Thursday to St. Bees identifying local geology, studying tides and the phases of the moon as well as identifying different types of crabs and sea anemones using different charts and diagrams. Please also look out for us in the newspaper and news and star website recognising the pupils' scientific achievements.

Infants

In the infants this week reception children have started learning about phonics with the sounds s,a,t,p,i,n. They are also enjoying their counting. To help, ask your child to count out objects and ask them which sound words begin with. Well done also to those pupils who have been practising their spellings with good results. Each week year 1,2,3,4,5 and 6 have a spelling test- so remember your spelling homework guys.

Headteacher: Mrs Joanne Crawford
E-mail: admin@lowca.cumbria.sch.uk

Bassenfell was wonderful once more. The children get so much out of the experience. It builds their confidence and ability to work as a team. A big thank you to all the school staff who work so hard and gave up extra time in order to let the children enjoy this wonderful visit.

Forthcoming events.
